

I Remember When I Was Young

Matt Taylor/Chain

Well I remember when I was young the world had
just begun and I was happy
I used to wonder about the Earth and how it moved
around the sun so snappy
Imagination going wild makes a very backward
child they told me
So back at school I'd sit around just waiting for the
sound so I could go on home

C7
Sometimes I think about it
It happens every day
D7
I should think of the present
Cause the present's now

Well I remember when I was young how one and
thrippence got you to the movies
To look tough we'd light a smoke and very nearly
choke but we had a real good time
Growing older meant you'd get to fly a saber jet and
fight a few wars
So I'd just sit there all day and let my mind decay
something awful

C7
Sometimes I think about it
It happens every day
D7
I should think of the present
Cause the present's now

Well I remember when I was young I had a secret
love who never knew it
I'd do tricks upon my bike they'd never turn out
right, I always blew it
And the day we had to part, I had a broken heart but
couldn't let on
So I spent my holidays just thinking of the ways I
must have gone wrong

C7
Sometimes I think about it
It happens every day
D7
I should think of the present

Cause the present's now

Well I remember when I was young the Beatles
turned me on they really blew my mind
And with Kerry, Jack and Pam we'd go and watch a
band and have a real good time
Then I heard the black man's blues they really blew
a fuse inside my head
So with some friends we made a stand and formed
our first blues band, it was a real good thing.

I should think of the present
Cause the present's now

Well I remember when I was young, I remember
when I was young, I surely do
Well I remember when I was young, I remember
when I was young, I surely do
