

# Let Me Be There

## John Rostill (for Olivia Newton John)

Wherever you go wherever you may wander in your  
life

Surely you know I'll always wanna be there

Holding your hand and standing by to catch you

Seeing you through in everything you do when you fall

Let me be there in your morning let me be there in  
your night

Let me change whatever's wrong and make it right

Let me take you through that wonderland that only  
two can share

All I ask you is let me be there

Watching you grow and going through the changes  
in your life

That's how I know I'll always wanna be there

Whenever you feel you need a friend to lean on,

Whenever you call you know I'll be there here I am

Let me be there in your morning let me be there in  
your night

Let me change whatever's wrong and make it right

Let me take you through that wonderland that only  
two can share

All I ask you is let me be there

Let me be there in your morning let me be there in  
your night

Let me change whatever's wrong and make it right

Let me take you through that wonderland that only  
two can share

All I ask you is let me be there

All I ask you is let me be there
