

We Can't Be Friends

Lorene Scafaria

G C G C

I wanna pick you up, I don't care what time
I wanna drive real fast to some place in town;
I wanna stress you out;

I wanna make things hard;
I wanna take your hand;

I wanna leave this bar;

I wanna wake you up on a driving train
that led it's tracks down inside my brain

I wanna hear your band;
I wanna give it advice;
I wanna meet your girlfriend, she sounds nice;
I wanna take you home;

I wanna feel my age;

I wanna freak you out on a different stage;
I wanna show my teeth;

I wanna keep you fed;
I wanna get you drunk and let it go to your head
So I guess this means we can't be friends

I wanna be unique;
I wanna be your kind;
I wanna make you hate me then change your mind;
I wanna wear a skirt;

I wanna make mistakes;

I wanna kill you first then take your name;
I wanna tear you apart;

I wanna make your bed;
I wanna break your heart;

I wanna break your head

So I guess this means we can't be friends

Yeah I guess this means we can't be friends

Yeah I guess this means we can't be friends
